**Housing \$/sqft:** \$322      **Median Rent:** \$2,050  
**Median Age:** 35      **To Lake Tahoe:** 30min

## CLIMATE

Annual Avg with 4 Distinct Seasons, 250+ Sunny Days

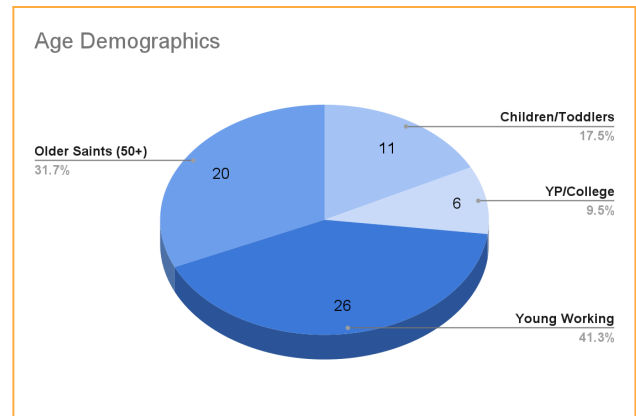

## RACIAL DEMOGRAPHICS

## Present Growth

We have seen growth in the church year after year. Astonishingly, from 2017 to present, the church more than doubled in the number of young working saints, with the majority of this increase coming from migrations. There are currently over 35 active saints, out of the 63 saints on the phone list, of which 11 are children or toddlers. The overall age breakdown is shown below:

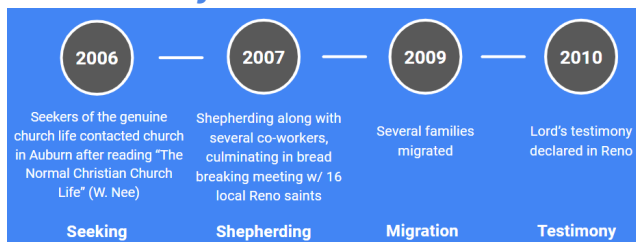

## CAMPUS LABOR

We are seeking the Lord's leading in how to re-establish a presence on the University of Nevada, Reno (UNR) campus following the pandemic. However, during that period, the Lord blessed the families with many new children, resulting in a turn of the gospel burden toward the community, as well as local families rising up to care for the younger ones.

## CHURCH LIFE

### Brief History

## MIGRATION NEEDS

We would like to exercise faith to call for 20 saints to migrate to Reno. More specifically, we would like four (4) families who have a heart to care for other young families and young people, including students from UNR. For reference, our newly purchased (June 2022) meeting hall address is: 10593 Double R Blvd, Reno, NV 89521.
